GETTING STARTED

1 Install a microSD Card

1. Slide the card door down to unlock.
2. Lift card door.
3. Place the microSD card into the holder with the contacts facing down.

NOTE :
The proper position of the microSD card — the card connector (i.e., gold area) should be facing down.

4. Lower the card door.
5. Slide card door up to lock into place.

To replace the microSD card, refer to the MC2100 Series User Guide for instructions.
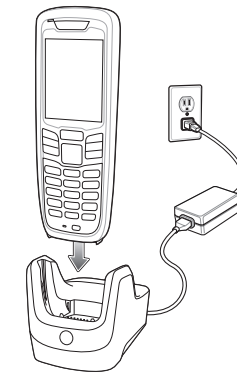

2 Insert the Battery

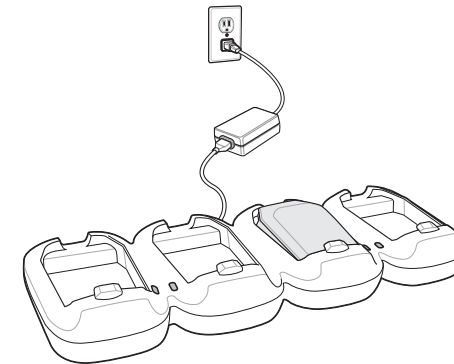

3 Charge the MC21XX

24 hr *

Power Supply

Single-slot USB Charging Cradle

4 Charge the Battery

Four-slot Battery Charger

Charging Status:
- Solid green: Fully charged
- Blinking amber: charging
- Fast blinking amber: Charging error

* It is recommended that this product be charged for 24 hours before the first use to ensure that the internal battery is fully charged.

1. Press Power button to suspend the MC21XX. The **PowerKey Action** window appears.
2. Tap **Safe Battery Swap**.
3. Wait for the LED to turn red and then turn off.
4. Using thumbs, push the two battery release latches up. The battery ejects slightly from the device.
5. Remove the battery.

MC21XX SERIES   QUICK START GUIDE

1 Install ActiveSync ®

Download ActiveSync® 4.5 or higher from http://www.microsoft.com and follow the instructions to install ActiveSync onto the host computer.
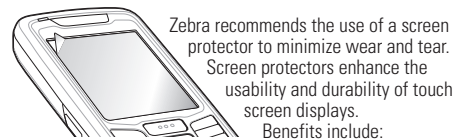

2 Communicate with Host

3 Create a Partnership

Follow the on-screen ActiveSync instructions to establish a connection between the MC21XX and the host computer.

For more information visit:
http://www.zebra.com/mc2100

Screen Protector

Zebra recommends the use of a screen protector to minimize wear and tear. Screen protectors enhance the usability and durability of touch screen displays. Benefits include:

• Protection from scratches and gouges
• Durable writing and touch surface with tactile feel
• Abrasion and chemical resistance
• Glare reduction
• Keeping the device's screen looking like new
• Quick and easy installation.

Not using a screen protector can affect your warranty coverage.

An initial screen protector is already applied to the MC21XX. Contact your local account manager or Zebra for more information and purchasing details.
