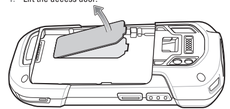
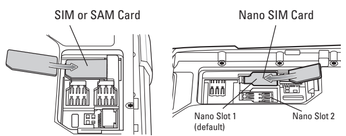
SIM/SAM CARD INSTALLATION

1. Lift the access door.

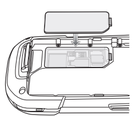


2. Insert the SIM/SAM card into the card holder. Push the card all the way into the card holder.

NOTE :
Proper position of the SIM/SAM card — the card connector (i.e., gold contacts) should be facing down. Nano Slot 1 is default slot for SIM card. Goto **Settings** to configure the default SIM slot, if enabled by your system administrator.

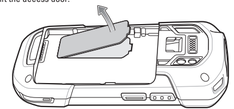


3. Replace the access door. Ensure that it is properly seated.



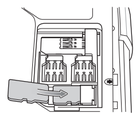
SD CARD INSTALLATION

1. Lift the access door.

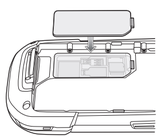


2. Insert the microSD card into the card holder. Push the card all the way into the card holder.

NOTE :
Proper position of the microSD card — the card connector (i.e., gold contacts) should be facing down.

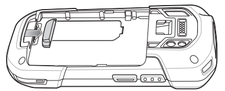


3. Replace the access door. Ensure that it is properly seated.

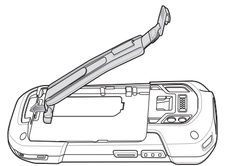


HANDSTRAP AND BATTERY INSTALLATION

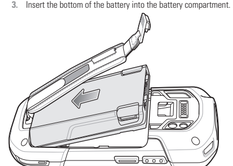
1. Remove hand strap filler plate.



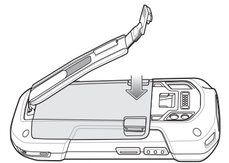
2. Insert the hand strap plate into the handstrap slot.



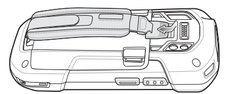
3. Insert the bottom of the battery into the battery compartment.



4. Rotate the battery down into the battery compartment and press the battery down until it snaps into position.



5. Place the hand strap clip into the hand strap attachment slot and pull down to lock into place.



6. Lift the hand strap ribbon off the hook material.
7. Slide the pad and adjust the ribbon for best fit.
8. Press the ribbon down to secure to hand strap.

BATTERY INSTALLATION

1. Insert the bottom of the battery into the battery compartment.
2. Rotate the battery down into the battery compartment.
3. Press the battery down until it snaps into position.

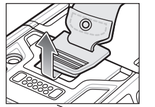
BATTERY REPLACEMENT



1. Remove any accessory attached to the device.
2. Press the Power button until the menu appears.
3. Touch **Battery Swap**.
4. Touch **Enter Battery Swap Mode**.
5. Touch **Continue**. The Data Capture LED lights red.
6. Wait for the LED to turn off.
7. Unlatch the hand strap. Push the hand strap clip up toward the top of the TC75 and then lift.
8. Press the battery release latches in and lift the battery from the TC75.
9. Insert the bottom of the battery into the battery compartment.
10. Rotate the battery down into the battery compartment.
11. Press the battery down until it snaps into position.
12. Place the hand strap clip into the hand strap attachment slot and pull down to lock into place.
13. Press the Power button to turn on the TC75.
